To her...

Often I am left in a dilemma -
Should I connect
or disconnect her from mind ?
It's a dragging bond
often left bending and pleading
to her highness
as a shameless slave.
How many times has she taunted?
Is she so great to
avoid my avowal of love?
Lady Green! Jot down the value
of my poetic strains,
none but me alone
can praise thy reins..
By slighting me
nothing will you gain,
So understand and accept
my pain.
